

CSCI 2850 Lightning Talks

Tuesday, April 24th, 2007

The Spring 2007 CSCI 2850 (Programming on the Internet) class invites you to an evening of lightning talks on Perl programming, the Firefox web browser and other web-related topics.

Lightning Talks are no longer than 5 minutes and can be about anything: a new idea, an evaluation, an observation, a story, a complaint, an explanation, a suggestion, a report of success or failure, a call to action, a description of a technique, technology, or a lament.

Where: PKI 359
When: Tuesday, April 24th, 2007
Time: 5:45 PM until 8:00 PM
Food: Pizza should be available to those who show up early
